

U.S.S.N. 09/964,342
Group Art Unit: 2834
Examiner: Iraj A. Mohandesi

REMARKS

The Notice objected to the application because the drawings originally filed in this application are inconsistent with the Brief Description Of The Drawings in the specification because only Figs. 1-12 were filed, but a description of Fig. 13 was provided in the specification.

It is confirmed that only Figs. 1-12 are in this application and an appropriate amendment to page 4 of the specification deleting the description of Fig. 13 has been provided in order to establish consistency between the drawing figures and the Brief Description Of The Drawings.

If there should be any questions in connection with this amendment, the undersigned may be reached at his Alexandria, Virginia office at (703) 683-0500.

Respectfully submitted,
